

# AMERICAN TROOPS WILL NOT BE SENT TO FRONT UNTIL FULLY PREPARED

OFFICIAL ANNOUNCEMENT MADE  
THAT UNITS WILL BE DEVELOPED  
TO FULL STRENGTH  
BEFORE ENTERING  
BATTLE.

## WILL BE LOGICAL STEP

SETS ASIDE ALL RUMORS THAT UNITED  
STATES TROOPS WERE TO BE JOINED  
WITH FRENCH AND BRITISH DIVI-  
SIONS—Huge Army  
Planned.

(By Associated Press.)

Washington, May 13.—Lord Reading, British Ambassador, today declared the announcement coming by way of Ottawa that the American army would not be fully utilized on the western front until developed to its full strength was directly opposite to information he had received from the British war cabinet, and he was in the dark as to its meaning.

(Paris, May 13.)—Heavy artillery fighting in Picardy on both sides of the Somme, reported in today's official statement.

(London, May 13.)—The enemy artillery was active during the night in the Somme valley and Albert sector between Loos and the Nippe on the Flanders front.

The ambassador's statement added to the puzzle in which American officers found themselves today in reading the announcement from Ottawa confirming information reaching here indicated such a plan as outlined was under discussion.

*Change Welcomed.*

The announcement from Ottawa dispels all other questions discussed today about the war department. If the plan is abandoned, American troops with French and British divisions will be abandoned, as the statement indicates, high officers here protest not to know it. The movement of infantry and machine units to carry out the former project meanwhile has not been interrupted. American army officers, however, made secret that they were awaiting the change and suggested that the decision to adopt the American units with the allied army for operation, as well as for training, was accepted only because it appeared to be the only way to meet the cry for man power as the German offensive was at its height in the first phase. It was difficult to American officers because it meant subordinating the unit and possibly a lack of qualities of initiative and dash among the American forces upon which officers had been relying in hoping to turn the scale against the Germans.

*Run Attack Near End.*

The war cabinet statement, issued Friday, is encouraging in the sense that it indicates British military opinion regarding the German attack as having passed its maximum power.

Officers here have not held that view as to its statement in regard to American troops' disposition, however, the announcement is regarded as not clear.

*Would Be Logical.*

For one thing it speaks of the outcome as having reached a new policy in American aid. The Versailles council or General Foch, supreme commander, would be more logical source for such announcement, as member of the British war cabinet, it is said.

American officers are inclined not to attempt to interpret but await official information.

*Effective Method.*

The decision not to use the American army in France until it has been built up to proportions of a complete mighty force, was not disclosed to the public in last night's dispatches from Ottawa, based on advice from the war committee of the British cabinet, following a long period of consideration between two schools of military strategists, which have been contending ever since the German drive began to the most effective manner to use the American forces. From the best information which can be gathered here one school has contended that the American forces in the battle lines, as they arrive and for conducting a continuous counter-offensive with the hope of ending the war in 1918.

*No Official Expression.*

The other, it is understood, has favored using the American forces very little, holding it back until fully organized, with all necessary complements of heavy artillery, aircraft and other auxiliaries, and then striking a mighty blow in conjunction with the British and French, which would smash the German line and bring a decision. There were offhand expressions available to the sub-war today, but knowledge that such a plan was being considered has been closely held by the few who have known it. It is certain it has been the subject of exchanges between the American, British and French governments, and undoubtedly has been discussed at Versailles.

*Will Press Troops.*

There is just indication the difference of opinion between the two schools might have had a reflection in the recent British crisis in which General Maurice, in differing with Premier Lloyd George, made a public announcement which led to his retirement. There is, however, nothing more than a chain of circumstances to support his views, and for military reasons it may be pursued for full discussion. The one thing that seems certain, however, is the business of rushing American troops and equipment will be pressed rather than retarded.

*Would Call First Call.*

Some officials in touch with the program of the draft have recently predicted that every able man in class one would be called to the colors during the summer. This means more than two million in addition to more than one million men who at the present rate of progress either will be in France or in camp in this country or under orders to move to

## English Military Critics in London Praise U. S. Troops

(By Associated Press.)

London, May 13.—The American invasion of London is the feature of the morning newspapers today—as it was on Sunday. The most critical military experts are loud in their praise of the bearing of American troops who paraded through the British capital on Saturday. One writer summed up the general opinion in this way: "The Americans are far from internally adequate lot of fighters. I would rather lead them than tackle them."

## WILL HAVE BREADLESS DAYS IN AUSTRIA

(By Associated Press.)

London, May 13.—The Austrian food controllers are considering the introduction of one breadless day a week according to a dispatch to the Daily News. The London newspapers claim this action is taken to conserve the wheat until the next harvest.

## BRAND RUMOR FALSE THAT MUNITIONS ARE BEING SOLD TO HUNS

(By International News.)

Washington, May 13.—Officials today expressed doubt of reports brought to a Pacific port by returning travelers from Russia that munitions shipped from the United States via Vladivostok were being sold to Russian officials at Moscow to Germany. It was stated that the latest official report showed that the enormous supplies of munitions which had been landed at Vladivostok were still there.

The state department has reported that the Bolsheviks authorized that these supplies be sent westward, but that the orders have not been carried out.

General Simonoff and his forces were reported in the latest word reaching this city, to be ready to seize the trans-Siberian railway and capture these supplies if they were removed from Vladivostok. It was pointed out, however, that there has been a quantity of American supplies at Murmansk, Moscow and that these may have been turned over to German interests. The quantity, however, is not believed to be large.

## MAY OPEN OFFENSIVE ON THE ITALIAN FRONT

(By International News.)

London, May 13.—While it is announced that the conference of the Austrian and German emperors at the Koenigswinter villa is to discuss Poland, the real purpose is to consider the opening of an Austro-Hungarian offensive in Italy simultaneously with the resumption of the German drive in France, said a Central News dispatch from Amsterdam today. Hitherto, the dispatch added, Austria has been reluctant, but Charles is reported anxious to expedite his action by complying with Ludendorff's plans.

## GERMANS AND AUSTRIANS AGREE ON AN ALLIANCE

(By Associated Press.)

Amsterdam, May 13.—A resolution of the acceptance of the Austrian alliance was accepted at a congress of Germans and Austrians today. The Austrian prime minister has left for German headquarters to further consult on the plan.

## OUTBREAKS IN AUSTRIA.—An-

other news item from the Associated Press bureau in Vienna states that the Emperor has gone to Germany to take command of the new German-Austrian army.

On the Italian front the fighting is becoming active with the Italians on the offensive. After the successful operation of Corino south of Ossagone, where the Italians wiped out an important height of Col. between them and the Piave, Austrian and royal parties were repulsed at points.

*ITALIANS REPULSE AUSTRIANS.*

Whitewater News

Whitewater, May 13.—J. A. Chamberlain died at the River Sanitarium at Delavan Sunday morning. He had been taken to Delavan last week and on Thursday submitted to the operation. It was found that it would be necessary to operate again in two weeks. The patient seemed to be doing nicely, but on Saturday there was change for the worse, the dying early Sunday morning. Mr. Chamberlain was about seventy-five years old and had served in the army during the Civil War. He leaves a wife and four daughters, Mrs. Eugene Rosman of Madison, Mrs. Joseph Weyher of Stevens Point, Mrs. Fannie Tatton and Mrs. John Schumacher of this city. The funeral will be on Wednesday afternoon.

The Footlights Club of the Community High School at the normal school gave a three-act comedy entitled "A Scrap of Paper" Saturday evening at the gymnasium. The following is the cast:

Helen Brady, a maid . . . Helen Brady  
Cynthia, a butler . . . Melvin Wagener  
Solange, the housekeeper . . . Marie Godfrey  
Paul, ward of Thiron . . . Lawrence Brooks  
Marte, sister of the Baroness . . . Frances Ewing  
Columbia, sister of Thiron . . . Florence Kildow  
Thiron, a naturalist . . . Vernon Beardsley  
Prosper Bluck, a traveler bachel . . . Tom Tamm

Baron Vanhoen . . . Cyril Malone  
Baroness Vanhoen . . . Helen Hobey  
Suzanne, an independent girl . . . Olive Hoyt  
Rudar Singh, Prosper's valet . . . Allen Brown

Julius Tratt and C. Gustavson spent last evening and part of Monday in Milwaukee.

Miss Ethel Brandt was here from Eiknon Saturday and Sunday.

Mr. McRitch attended the H. H. Grafe funeral at Fort Atkinson last Thursday.

Alec McLernon is now in the employ of Crumb and Winn.

Quite a number from here attended the dance at Hebron Saturday night.

C. W. Parnsworth made a short visit here this morning.

Mrs. L. Bassett came from Stoughton last evening for a short visit with her aunt, Mrs. Chas. Dienfang.

No Nutriment in Bouillon.

Bouillon has no more nourishing qualities than hot salt water. All the nutriment is still in the meat from which the broth was made. The bouillon is a stimulant, that is all. There is no more horrible waste than to throw away a piece of meat from which broth has been made.

New Idea in Shaping Glass Tubes.

A reported German method of shaping glass tubes consists in placing a core of the desired form and size in a somewhat larger glass tube, exhausting the air from the tube and sealing it, and then rotating while kept hot until the outside air pressure fits the glass closely about the core.

Try, try again!

Young writers will do well to remember that Lord Bacon rewrote one of his works 12 times; and Pascal his letters several times, and one of them 18 times; while Edmund Burke had his works printed two or three times on a private press before offering them to a publisher.

Sell your real estate through the Gazette classified ads. The cost is small and the results great.

## FOUR INJURED WHEN STRUCK BY MACHINE

MR. AND MRS. FRED RISCH AND TWO DAUGHTERS, ADELE AND NELLIE NARROWLY ESCAPE DEATH WHEN HIT BY AUTO.

## GIRLS ARE IN HOSPITAL

Young Girls Sustained Fractured Legs and Hips and Will Be Confined to Hospital For Several Weeks.

Mr. and Mrs. Fred Risch and two daughters, Adele and Nellie, narrowly escaped death late Saturday evening when struck by an auto while walking to their home on the Magnolia road about two miles west of town.

The family were returning home and were walking in the road when a car was seen approaching them. They stepped to the side of the road to let the car pass and in returning to the road they did not see the other car coming and stepped directly in front of it.

William Passch, 313 Main street, an employee of the Croak Brewing company, was driving the car and it was impossible to avoid hitting the people.

The ambulance was called to the scene of the accident and the injured people were taken to the Methodist hospital. A few moments after the accident occurred there were several others on the scene of the accident. It was first stated in the city that two cars had collided on Magnolia avenue and that five persons were killed.

Upon examination of the injured people at the hospital it was found that Mr. Risch had sustained an ugly scalp wound and that Mrs. Risch escaped with a broken wrist. Adele, the youngest of the two girls, suffered a broken leg and Nellie, the other daughter, sustained a fractured hip and leg.

Later in the evening the father and mother were removed to their home. The two young ladies will be confined to the hospital for several weeks and are reported as resting as easily as could be expected today.

## ROCK COUNTY FARMERS PREDICT GREAT CROPS

Heavy Rains of Past Week Have Helped to Give Crops a Good Start—Look for Warmer Weather.

With warm weather predicted farmers in the vicinity are already making bumper crops for 1918.

The heavy rains of the past week have helped greatly to hasten the germination of the newly planted seeds and with plenty of sunshine and warmth the next few weeks the crops will grow quickly.

With the planting season now drawing to a close farmers in this county are not far behind in their cultivation and putting them in working order for the summer's work. The tillers of the soil are putting forth their greatest efforts this year to produce big crops and with a little aid on the part of the weatherman there is reason to be a record crop.

The weatherman has been more than doubled and many more acres have been planted to sugar beets this year. The corn crop will be a little smaller than it has been in past years as many farmers have planted a number of acres to wheat that they have used for corn in other years.

### ALIEN ENEMY ATTEMPTS TO KILL LOYAL YOUTH

Prussian Held at Madison Seeks Revenge on Fellow Prisoner by Putting Ground Glass in Breakfast Food.

Following the example of many of his Prussian compatriots, John Schmidt, an alien enemy and federal prisoner in the county jail at Madison attempted to kill a fellow-prisoner who was soon to go free on the strength of his defense of putting ground glass in his dish of oatmeal. But for the fact that he failed to get the glass fine enough John Green, the intended victim, would probably have lost his life.

Bren is confined at Madison on a slacker charge, but has been given permission to enlist and go to the front over Germany and to do his bit. His severe criticism of Schmidt for disloyal utterances angered the latter so much he set about finding a means to prevent the young man going to France to fight against Germany.

Federal officers were notified that suspicion pointed to Schmidt and an investigation was instituted by the department of justice and the attorney general. State Marshal Will Tolton, assisted by Sheriff Henry Ireland, searched Schmidt's story of how he had dropped bits of ground glass into Green's breakfast food for revenge.

Taking a watch crystal which another prisoner had broken accidentally and dropped into a wash basin, Schmidt polished it fine as possible. Green was late to the meal and other prisoners had finished and left. In a favorable moment Schmidt put the glass in the oatmeal and when Green came to eat it, the hard substance ground under his teeth.

The fact that he was not finely powdered saved Green's life. He selected none of the "doctored" food and the dish was put aside for Green to eat.

Schmidt was arrested at Beloit a month ago, where he worked at the Fairbanks Morse plant and was reported as a dangerous alien.

The younger man was brought from Menomonie, Wis., about the same time where he was charged with trying to register. He was in Canada when the draft law took effect and has proved anxious to fight for the United States and make good his offense.

The ladies of the G. A. R. of General Reynolds circle will be entertained Tuesday afternoon by Mrs. Philip Rutter and Mrs. Emma Gibbs at the home of Miss Rutter, 152 S. Jackson street, in honor of Mrs. Charlotte Ross, who is visiting friends in the city for a short time.

## J. ADAM BEDE WILL SPEAK AT BANQUET WEDNESDAY EVENING

Former Congressman from Minnesota Will Give Address at Dinner.

Announcement is made by the chamber of commerce of which Sidney C. Bostwick is chairman, that another dinner will be given by them at the Y. M. C. A. banquet hall next Wednesday evening.

As the principal speaker for the evening, Adam Bede will give an address at the dinner. The speaker will be the most popular speaker in America. His speeches are in great demand. Of late Mr. Bede, through war work which he has been doing, has come in contact with chambers of commerce all over the country and has an intimate knowledge of what is being done.

Mr. and Mrs. Fred Risch and two daughters, Adele and Nellie, narrowly escaped death late Saturday evening when struck by an auto while walking to their home on the Magnolia road about two miles west of town.

The family were returning home and were walking in the road when a car was seen approaching them. They stepped to the side of the road to let the car pass and in returning to the road they did not see the other car coming and stepped directly in front of it.

William Passch, 313 Main street, an employee of the Croak Brewing company, was driving the car and it was impossible to avoid hitting the people.

## ALL-STARS WIN TEN INNING GAME 3 TO 2

Pitching Duel Between Brothers Results in Win for Charles Bick—Good Fielding is Feature of Contest.

Consistent playing on the defense and heavy hitting at opportune times gave the All-Stars a victory over the Mystics in a ten inning game by the score of 3 to 2, at Bailey's diamonds yesterday afternoon. It was a close game throughout with the lead alternating first to one team and then the other.

Arthur and Charles Bick were the opposing twirlers, with the younger brother, Charles, winning the game, due to the excellent support which he received. Arthur allowed only two runs and struck out thirteen men, failed to cop the game. Six hits and one strikeout were the record made by the winning pitchers.

As a result of their victory, the All-Stars now claim the championship of the city and have issued a challenge to any team in the city for a series of three games.

The line-ups: All-Stars—Grawley, C; Bick, p; Farnham, ss; Marks, c; G. Bick, 2b; Brummond, 3b; McCall, lf; Babcock, cf; Graesslin, rf.

Mystics—Wills, c; A. Bick, p; Viney, Smith, 1b; Schilling, 2b; Bick, 3b; Hager, lf; Quinn, cf; Lohrman, rf.

### Sport Snap Shots

MORRIS MILLER

Despite the fact that Stuffy McInnis admits he hasn't found his bearings at his new base it begins to look as if he is going to develop into a star at that position for the Red Sox. Indeed Stuffy promises to stand out as an exception to the rule that transplanted Rogers generally fail to display their old brand of baseball skill up north. In the first sixteen games this season Stuffy fielded every chance that came his way without a slip-up. Not an error has been charged up against him and he has accepted every sort of a chance at the hot corner. What's more, Stuffy manages to keep his batting eye on the ball and is hammering the spattered at .300 gain. Yet the Red Sox were unable to hold the bone play of the second league season when they permitted Harry Gardner to get away in the deal with Connie Mack which left the Boston crew without a third baseman. The critics predicted McInnis would fall short of the standard in trying to fill Gardner's shoes. But he has made good to date.

What will do with the kniser? We'll put him out in the center of a diamond and let the blarachites throw bottles at him.

Inventive genius is working overtime to solve the problem how golf balls can be hit the greatest distance. First there came the marvelous development in balls from the old Scotch "butties" to the present high-speed balls that attain an actual flight of 250 yards. Keeping pace with the development of balls is the headway being made in the manufacture of clubs. The old Scots used weird looking iron heads, would never believe the latest clubs were intended for the ancient game could they see the new models. It was only a few weeks ago that a brand new model, a steel shafted driver, was introduced. Now there are steel and wood shafted mashies, niblicks, midirons, a steel shaft for putters and kind of a club. Another new in golf promptly finds many friends, especially if it is guaranteed to improve one's game, which is supposed to be the chief function of the new steel clubs.

Jack Kearns, manager of Jack Dempsey, who recently shaded Billy Miske, says that his boxer has been placed in the fourth class of the draft because he is supporting his wife and a father and mother in addition. "Dempsey never had anything but the last few months," says Kearns. "His parents are poor and so is Jack, but he is rapidly forging to the front and before long will be pretty well off."

It now looks as if the Jess Willard-Fred Fulton bout for the heavyweight championship has been put off indefinitely or be off altogether. If it does come to life again it will be next fall or in the early winter. Promoter Miller has definitely given up all hope of staging the bout in St. Paul and is now dithering with some Oregon magnates. Word comes from Chicago that Champion Willard, despairing of the fight ever being held, has discontinued training.

Some of these days Tris Speaker will trip over second-base going after a fly.

Elmer Smith, former Cleveland outfielder, has been director of baseball at Camp Sherman, Chillicothe, Ohio, attached to the headquarters staff at General Glenn, commander of the camp, and doesn't find anything such a terribly hard thing.

### NORTH SPRING VALLEY

North Spring Valley, May 10.—Miss Morris Wolfe of Madison is spending the week at A. W. Palmer's. Mr. and Mrs. Cobb and Mr. and Mrs. Smith of Brodhead were visitors here Sunday.

Miss Berryman spent the past week at the home of her sister, Mrs. Noyman. The Noyman children are confined to the house with the measles.

Mr. and Mrs. Arthur Parker of Brodhead were callers at A. W. Palmer's Friday.

The members of the F. F. society were entertained at the home of Mrs. Gien Palmer Thursday.

Several farmers have sheared their sheep. The wool clip is somewhat heavier than last year. Sixty-five cents per pound appears to be the price at present.

Small grain of all kinds is looking nice. The pastures are also well advanced. Farmers are busy preparing for ground and seed corn is scarce.

K. OF C. WAR FUND IS BEING CONSIDERED TODAY

(SPECIAL TO THE GAZETTE)

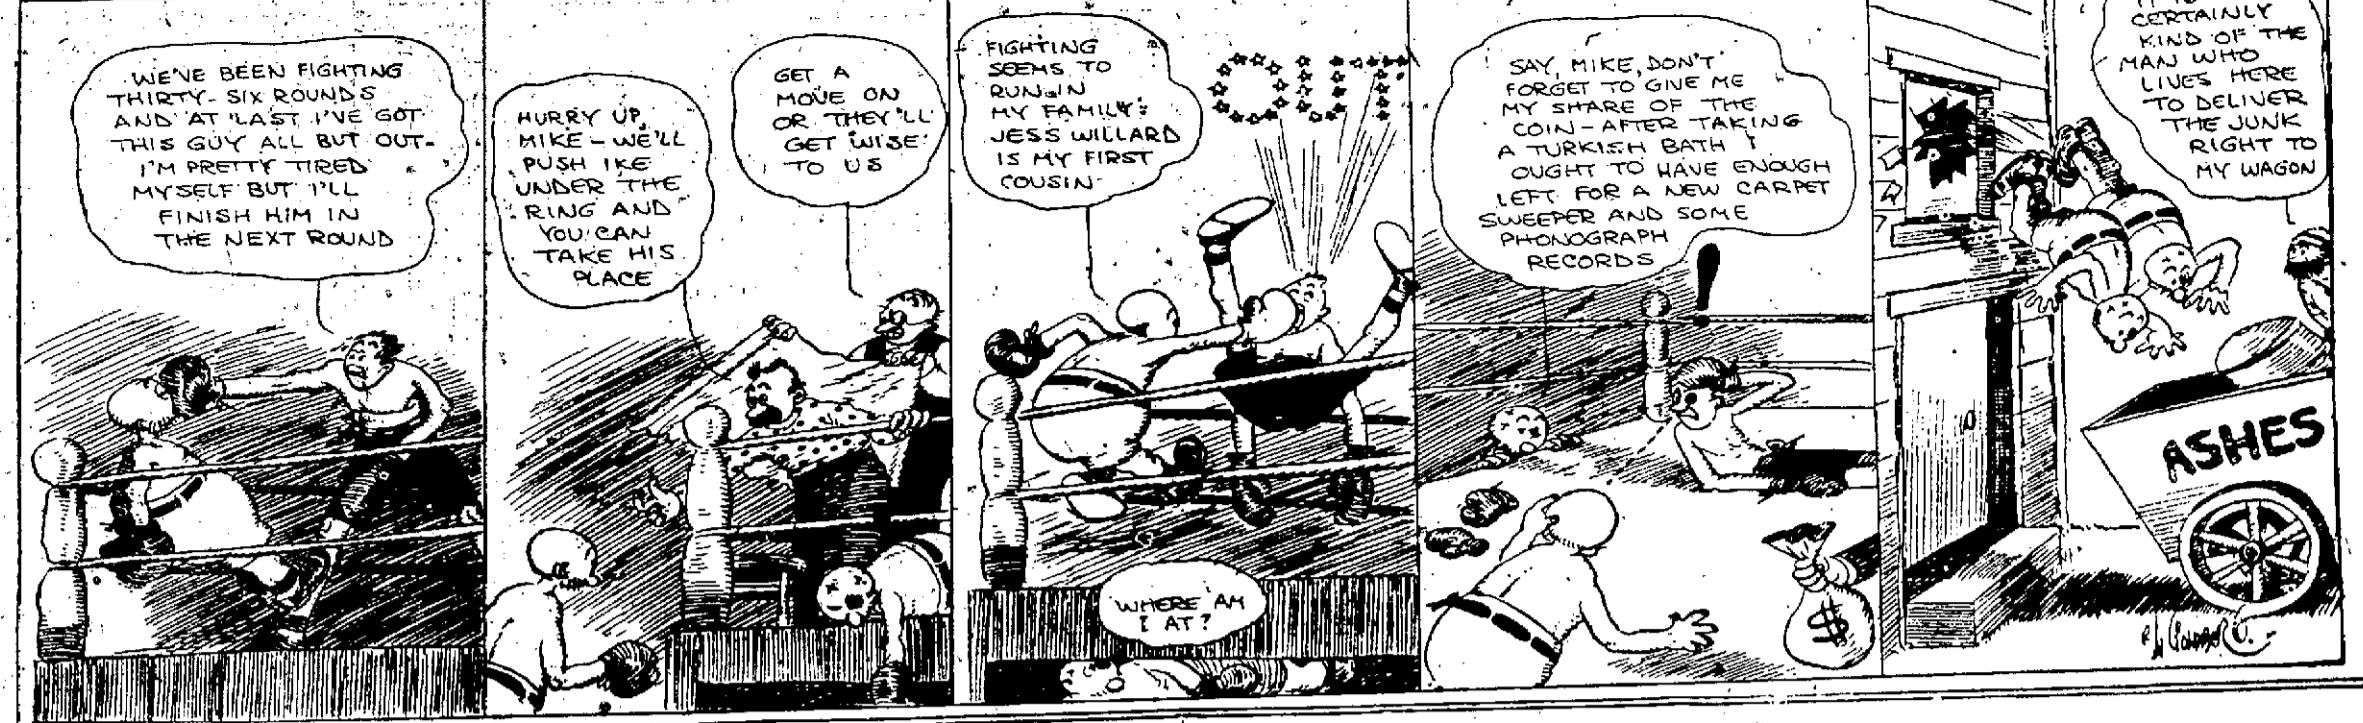

Norwich, Conn., May 13.—Discussion of part of the order in the war work and especially the raising of the state's quota of the Knights of Columbus' bus-war fund was a feature of the annual convention of the grand council Knights of Columbus, which opened in this city today and continues tomorrow. Reports of the officers were read today, and tomorrow officers for the ensuing year will be chosen.

**WATERWORKS OFFICIALS MEET IN ST. LOUIS TODAY**

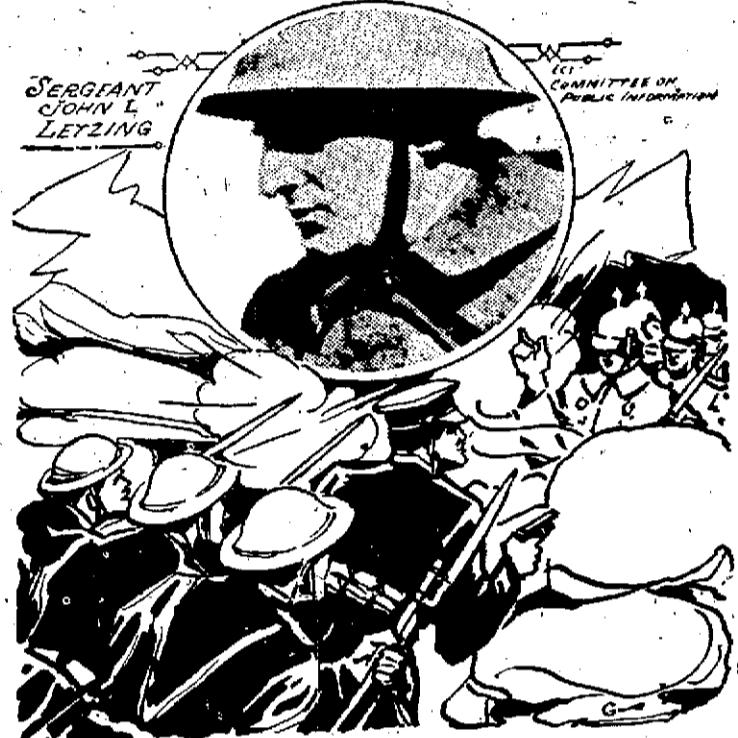

(SPECIAL TO THE GAZETTE)

St. Louis, Mo., May 13.—The thirty-eighth annual convention of the American Water Works Association opened here today. Over 1,000 engineers and waterworks superintendents from every section of the United States attended the opening session. The convention will continue until Saturday, May 18. A boat excursion to the St. Louis water works and a luncheon are among the amusements planned for the week.

### MIKE AND IKE—they look alike.

### How First Boche Was Captured

"We started in with our grenades and pistols and knocked them out."

The French government has presented Sergt. John L. Letzing of Roxbury, Mass., with the Croix de Guerre for leading the first patrol sent out by the 10th infantry across No Man's Land on February 14 and returning several hours later with his men, and a boche prisoner. The first brought in by an American patrol, he tells the story of the raid in a letter sent to his father, Christian J. Letzing. The part dealing with the raid follows:

"We started out February 14, at 9:30 in the darkness. You can hardly see the man walking in front of you. We were working nearly done and were starting back when we ran into a German patrol of twenty men. They sure surprised us, but we started in with our grenades and pistols and knocked them out of them. It was some scrap while it lasted. We pulled out of it lucky, with every man intact."

"In addition we captured a prisoner. While the scrap we got mixed up with him. The prisoner was the first brought in by an American patrol."

around the German lines (could hear them talking) and then into a swampy, wooded section. We were lost for about six hours out on No Man's Land. Some experience, though. Finally we came to the edge of the woods and started for the right, finding us about 500 yards from our lines. We made a dash across the open space and landed safely under our barbed wire at 7 a.m.

"The following day made me happier than I had ever been in my life, both for myself and the folks at home.

"I was called up before my colonel and I was promoted and for my work was decorated with the French Croix de Guerre. The French colonel presented it himself. I also received from him and the congratulations of another French officer as well as commendation from our colonel."

"We started out February 14, at 9:30 in the darkness. You can hardly see the man walking in front of you. We were working nearly done and were starting back when we ran into a German patrol of twenty men. They sure surprised us, but we started in with our grenades and pistols and knocked them out of them. It was some scrap while it lasted. We pulled out of it lucky, with every man intact."

"In addition we captured a prisoner. While the scrap we got mixed up with him. The prisoner was the first brought in by an American patrol."

army and will leave for St. Louis, Mo., on Thursday.

Miss Lelia Longman of Woodstock, Ill., spent Sunday with her parents west of town.

Mrs. Kate Rodman was a Harvard shopper Saturday.

Mrs. H. D. Lackey and daughter Jean were numbered among the sick the past week.

Mrs. George Brown returned home from Chicago today, where she was laid by the serious illness of her son Harry, who has rheumatism. Harry has returned home until able to go to work again.

J. W. Tyler enjoyed a Sunday visit from his parents of Edgerton, Wis.

Wm. Westphall and family enjoyed an auto trip to Harvard Saturday to attend the patriotic celebration.

Mr. and Mrs. Lloyd of Janesville were guests on May 4th at the Mrs. Adams home.

Frank and Anna Thompson welcome to their home a ten-pound son born on Thursday.

Grant Welch is helping his father build an addition to his barn.

The severe electric storm of Thursday night did much damage and lightning struck the barn of the Mrs. J. Booth farm, turning it to the ground.

Every tenant on the farm is Frank Jacobs, who was home at the time and succeeded in getting all the horses and cattle out, but the grain and hay could not be saved.

Plans should now be discussed for the observance of Memorial Day. Walworth will unite and make a memorial occasion not only for our soldiers dead, but the heroes of the time. Every citizen, lodge and society in town should join in the parade in regular full membership.

Miss Della Miller is visiting her father in Eau Claire, Wis.

Alfred Mattison and wife were calling on Walworth friends Saturday.

Orie Gates and Miss Golden Ward of Libertyville were weekend guests of Mrs. Jno. Gates.

Ralph Strandlund from Waukegan was a weekend guest of Walworth friends.

Mr. and Mrs. Frank La Bundy and son have been numbered among the sick the past week.

Miss Helen Martin held the 7th and eighth grade examinations at the Walworth high school on Saturday.

Mr. and Mrs. Miles A. Robinson and son Frank were Walworth callers Friday night.

Mrs. J. W. Filber had the misfortune to fall and fracture her hip, which will keep her bed bound for some time.

Mrs. E. J. Burr, son Walter and Mrs. Hattie Boyd of Delavan were in town Saturday afternoon.

O. E. Romare left Monday forenoon for Green River, Wyoming, to be present at the total eclipse of the sun June 8th.

Miss Theda Propst spent the past week in Rockford with Lieutenant Steinheimer.

Mr. and Mrs. Wm. Schily were callers on Wednesday at the Frank Schily home.

Milton Clappison of Camp Grant spent Sunday with his parents, W. H. Clappison and wife.

Walter Burr has enlisted in the

### U. S. GUARDS WILL BE ORGANIZED SHORTLY

Twelve Thousand Drafted Men Physically Fit for Foreign Service to be Given New Duties.

Organization of the United States guards was resumed Saturday by the war department's militia bureau. The department has placed as the disposal of Major General James L. Carter, chief of the militia bureau, 12,000 drafted men who after training with the national guard or national army divisions, have been found disengaged physically for general military service.

It is intended to recruit twenty-five battalions of four companies each, a total of 15,000 men. When the project was started some weeks ago twelve companies were organized and are now in service. Volunteer enlistments will be accepted to a limited degree through the regular army recruiting offices, but only men who have had prior military service and who can produce the best discharge will be eligible.

The twenty-five battalions will be distributed among the military departments as follows:

Northeastern department ..... 3  
Eastern department ..... 2  
Southeastern department ..... 2  
Central ..... 5  
Southern ..... 4  
Western ..... 1

There will be required in all 775 officers and these will be commissioned upon recommendation by Gen. Carter, who will base his action on the result of examinations conducted by boards convened by department commanders.

Will Release Troops.

The service of the organization will be utilized to release an equal number of federal troops now engaged in guard duty at munition plants and shipyards. The men in the force will not be used on the battlefields of Europe "for the present," officials of the war department said.

The United States guards will be armed with the Russian rifles and ammunition and will carry the old model of infantry equipment.

### SPECIAL ORDERS TO STATE GUARDS ARRIVE

Full Attendance of Company G Ordered for This Evening as Markers of Importance Are to Be Decided.

Members of the local company of the Wisconsin State Guards, Company G of the Eighth Regiment, who are not present at drill or training may be called up before the adjutant general, who may be distasteful to them later on unless they take a hand in the deliberations of the company this evening. Special orders from the adjutant general's office have been received, with orders for a vote of the entire company on certain matters and that majority of those voting tonight will bring those absent or in the minority to the final decision.

The drill will start at seven forty-five and end at nine so that those who have made other arrangements can be excused. The new uniforms have arrived and the majority of the members of the company have been equipped. Those who did not receive uniforms Friday evening last are requested to report at seven-thirty to have them issued to them previous to the drill. The blue uniforms will be temporarily issued to the State Guard Reserves until the new uniform forms they will obtain are received.

Wednesday evening, outside drill and general instruction will be held. Recruits for the State Guard Reserves will be received for enlistments between seven-thirty and eight.

June 5th has been decided upon by the officers as the date for the first annual military ball for the company.

This will be the date set for the registration of the new selective draft men and a probable half holiday in the country with the church friends.

Mrs. George Walstra has gone to Williams Bay to be companion for Mrs. O. E. Romare while Mr. Romare is in the West.

Miss Della Kruger of Janesville spent Sunday with her parents.

Mrs. George Walstra enjoyed a Sunday visit from her two sons.

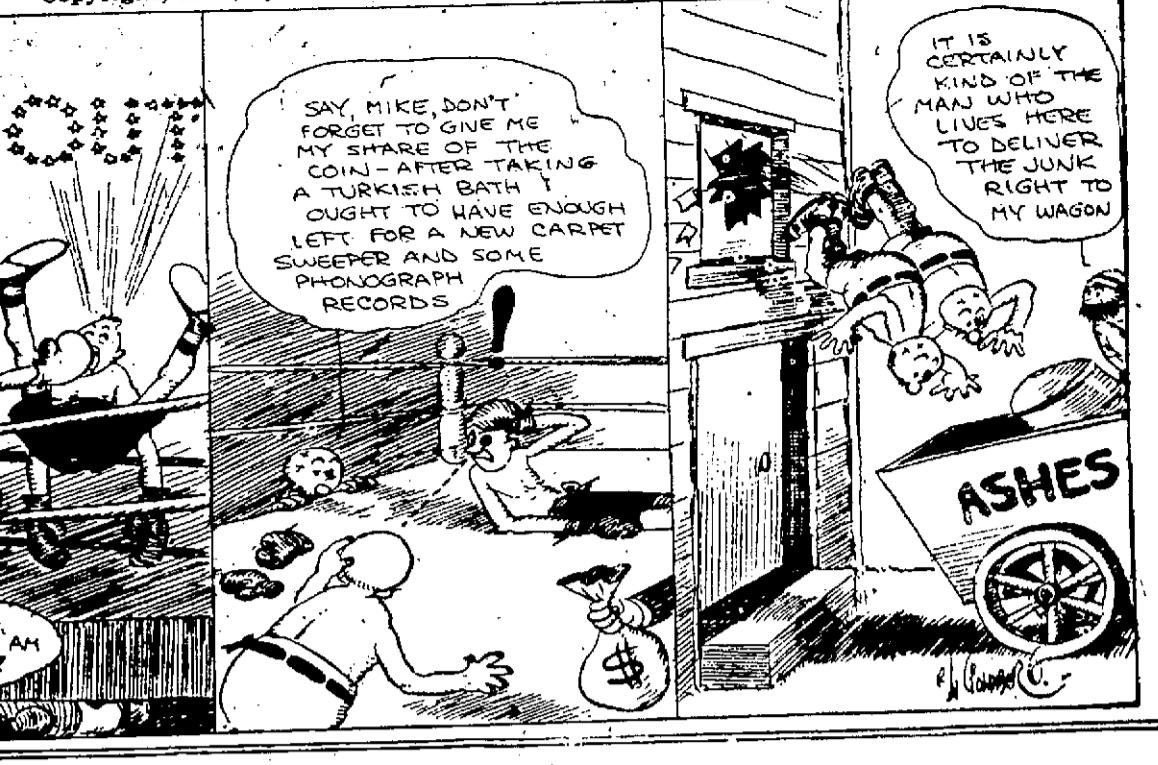

Mr. and Mrs. Miles A. Robinson and son Frank have returned to their home in Waukesha, Wis.

Dr. Johnson of Harvard was called on Saturday in consultation for Mrs. J. W. Filber, who broke her hip in a severe fall.

### WHY IS IT?

that these firms that offer big prizes for the best name for a new article, always seem to make the poorest choice of the names sent in!

\$500 PRIZE FOR BEST NAME FOR OUR NEW RICKLE!

The use of WRIGLEY'S by the fighting men has created much comment across the water.

Even before American soldiers and sailors landed, the British, Canadian and French forces had adopted WRIGLEY'S as their war-time sweetmeat.

And now that Uncle Sam's stalwart boys are hitting the line, you'll find WRIGLEY'S a very noticeable ally of the Allies.

Keep them supplied. A box is easy to send—100 sticks—100 refreshments.

### Oxfordville News

June 5th May be the Date of Registration for Men Coming of Age Since Last Year.

While detailed instructions for the draft registration of men who have not been received as yet by the local draft board officials, advise has been given out by the state adjutant general's office in Madison that June 5th was to be registration date and that full registrations would be forthcoming shortly according to persons in touch with the situation.

The amendment to the

## STATE POLITICS.

There has been a slight lassitude in the efforts of ambitious state politicians to stir up internal strife since the senatorial campaign closed just a few weeks ago. The election of Irvine Lenroot over his democratic opponent, the surprising vote of Berger in many districts, has given food for thought for many who claimed to know Wisconsin politics. In the first congressional district there appears to be a concerted action to nominate a republican whose loyalty is unquestioned and eliminate any question of loyalty by defeating Henry Allen Cooper at the September primaries. Cooper has been long in politics, has represented this district for over twenty years and many revolts have been made in the past against him, but never before with the question of loyalty attached. His vote on the various war measures as opposed to the war has aroused men of both factions of the republican party to a direct opposition and they appear to be united in one cause. A district convention has been called at Elkhorn for this present week, May 16th, at which men from all parts of the five counties that comprise the first congressional district, Rock, Walworth, Racine, Kenosha and Waukesha counties, are to be present. Just what action will be taken is uncertain. Some advocate the selection of a candidate to oppose Cooper—for this is an anti-Cooper convention—at this time, and others desire to continue the discussion until later when a more careful resume of the situation can be made.

Of course Cooper will be a candidate to succeed himself. He comes from Racine county. The last test of loyalty demonstrated beyond a question of a doubt that if a candidate is to be chosen on the test of loyalty, as recorded by the vote cast then, that the selection must come from either Rock or Walworth counties. Waukesha would be eliminated by its vote for Davies and Berger, and the same might be said to be true of Racine and Kenosha, while the reputation for loyalty in the first congressional district was sustained by loyal Walworth and Rock counties.

Racine talks of Goodall, a newspaper publisher; Secretary of the State Loyalty League, W. W. Storms, has aspirations; former District Attorney Armstrong, a rising politician, is discussed; and Martin Gillen, "whose wonderful work in behalf of the liberal loan campaign is suggested, not by his fellow townsmen, but from various parts of the district, Kenosha thus far has not indicated they have any particular choice." Waukesha county will doubtless suggest former state Senator Lockney or Dr. Capelton, while Walworth is ready to back the best loyal candidate obtainable.

Here in Rock there appears to be some reluctant candidates and some who are not. Janesville could well present the names of Alexander E. Matheson, Thomas S. Nolan, John M. Whitehead, with hair hope of success, and a certainty of loyalty. Some of the first assembly district of the country had perhaps hoped to pin its faith upon Lawrence C. Whittet, assemblyman and speaker of the lower house, but Mr. Whittet has thus far declined to be considered. Dropping down into the second Rock county assembly district, the most formidable candidate appears to be Lawrence F. Cunningham, present state senator for the district represented by Rock and Walworth counties, former mayor of Beloit and a legislator with a strong loyalty record. Whether Mr. Cunningham is a candidate in truth is uncertain, but his record-breaking vote in the last state senatorial election should give him consideration. Then there is former Mayor of Beloit Harry Adams, an avowed candidate, and Assemblyman Bush, an open and above board La Follette follower.

If the convention at Elkhorn selects a candidate next Thursday at their meeting it may be a dark horse or it may be one of the men mentioned above, but they must not expect the public to become muchly aroused and enthused nearly four months before the primaries when there is so much war activity going on. If they adjourn the nomination until a later date, matters may become more complicated, but it is safe to say loyalty will be the direct test—the cold test—of whoever receives the nomination for congress, either by a convention or at the September primaries. This nation is at war and loyal citizens only can be assured support for any office they seek.

## A CITY AMBULANCE.

When you come right down to facts, Janesville needs a city ambulance. One run either by motor power or equipped with horses, always available. There should be no delay in these emergency cases and the quicker Janesville wakes up to the responsibility it owes the public the better off it will be for everyone concerned.

Saturday night's experience, when there was serious delay in securing ambulance accommodations for four injured persons, is enough to demonstrate that a motor-propelled ambulance, or at least one drawn by horses, where delay in finding horses to draw it could be eliminated by always having them ready, would perhaps save life in emergency cases. This is one of the problems that should be brought to the attention of the new council. Even though the city seems to have inadequate funds to conduct the city's business at present, these matters will be adjusted and perhaps a loophole can be discovered to remedy this necessity of a city ambulance. It is one of the requirements of the modern life and should be taken care of if we are to appear to keep pace with the times. Doubtless some of the young surgeons of the city would volunteer their services in cases of emergency for the

practice they would obtain and we might be up to the minute after all.

## RIGHT AND PROPER.

Judge Maxfield and Chief of Police Champion have hit upon the proper treatment of the loafers that have disgraced the city long enough, by putting them at work. Men either unfit for military service, too cowardly to enlist, beyond the draft age and otherwise disqualified, who persist in continuing their practice of being sot-out bums, corner loafers, pool room habitués, big, strong, able-bodied chaps too lazy to work, many of them supported by their mothers or hired working wives, some even by the labor of their children, are to be taken into court and made to work. Hail to the order and may it succeed.

The first raid will be made quickly and without any discrimination. Start at Academy street and go straight through the city. Get the sheriff to aid you and raid South Janesville and the junctions north of the city. Round them all up. They may not be expert farm laborers, they may not be worth much at any sort of labor, but teach them a lesson that if need be the old "ball and chain gang" to keep the city streets clean can be re-established, and with the fuel shortage a municipal wood pile will do much to lessen need next winter. The public are behind the move and are anxious for news of the first arrests.

This National Service Welfare association is going to have plenty to do in the immediate future in escorting the various details of the drafted men to their trains and seeing they are properly equipped for their journey to their destination within the next month or two. "Money makes the mare go" is an old expression, so if you have not joined the new organization do so at once and add your name and contribution to the fund needed to meet emergencies.

It is to be hoped that the council committee on license will look well into the previous record of every application for a license before granting him a permit to sell malt and intoxicating beverages. Too many fly by night "artists" from cities that have voted dry, are seeking location here that it is well to take precautions at this time.

"War gardens" are well under way. The work of planting has been practically finished in many cases and we may expect record-breaking crops from the second season gardeners this year as well as a good surplus from the practical farmers. If the country districts respond as well with the wheat and grains then we may expect wonderful results.

## ON THE SPUR of the MOMENT

— ROY K. MOULTON —

## SOCIETY AND PERSONAL.

The slight misunderstanding between Charlie Hapshus and William Hohenzollern has been patched up, and they are good friends again. Charlie lacks efficiency. He is a poor bar.

Paul von Hindenburg, the well-known butcher, is returning by slow stages from a trip into southern France.

The Bolo Pasha passed away suddenly at Versailles the other day. He had lead in his system. So long Bolo.

C. Zernin has retired to private life. He resigned his job for the reason that they stopped his salary.

J. Pershing is planning summer trip through Germany but has not announced as yet where he will eat his next Christmas dinner.

F. W. Hohenzollern is week-end in a bombproof dugout thirty-eight miles northwest of Verdun for his health.

Would the Huns permit a newspaper to be printed in the English language in Germany?

Foolish question No. 41,144.

We do not wish to cast any aspersions at anybody at all, but we would like to ask this:

Why are the headline writers for the morning papers so gloomy and lugubrious, while the headline writers on the evening papers so cheerful and optimistic?

General Foch has a poker face. A good sign.

IT'S THE STYLE.

Come into the garden, Maids, Where poppies and turnips grow. I'll tell you how to make the thing.

And sit and watch you hoe.

Three cheers for the farmerette!

She's doing her level best.

She's proud of her job, you bet.

And husband can have a rest.

Manufacturers inform us that next year the average \$17.08 suit for men will cost \$75.

"Save your old clothes," is the warning. "There will be a scarcity in them next year."

Huh! Whoever heard of a scarcity in old clothes.

The toughest piece of luck I ever heard of happened to a neighbor of ours named Joyce. Joyce is the best patriot in America. He has observed every meatless and wheatless day, has used up all the potato parings in salad, has hit the liberty loan nine times in three times up. But he thought he hadn't done enough, so he sold his automobile and invested in another, bought a bond. Then he tried to join three branches of the service, and couldn't get in.

He had just returned home from a trip selling thrift stamps when he was taken sick. His temperature shot up to several degrees above Fahrenheit, and his wife called the doctor.

"Is it serious, doc?" asked Joyce feebly.

"Not serious, but damned unpatriotic," replied the doc. "It's German measles."

## Just Folks

By Edgar A. Guest.

## MOTHER'S DAY

They will not come to you today To kiss you in the old-time way, No petted tributes, white and pink, May now show how much of you they think.

And yet, oh mothers, brave and fair, Because they love you they are there. Because they honor you they chance The pain and death in troubled France.

They are your tributes, mothers, all, They who are not afraid to fall. If falling, they shall pledge to you The memory of manhood true.

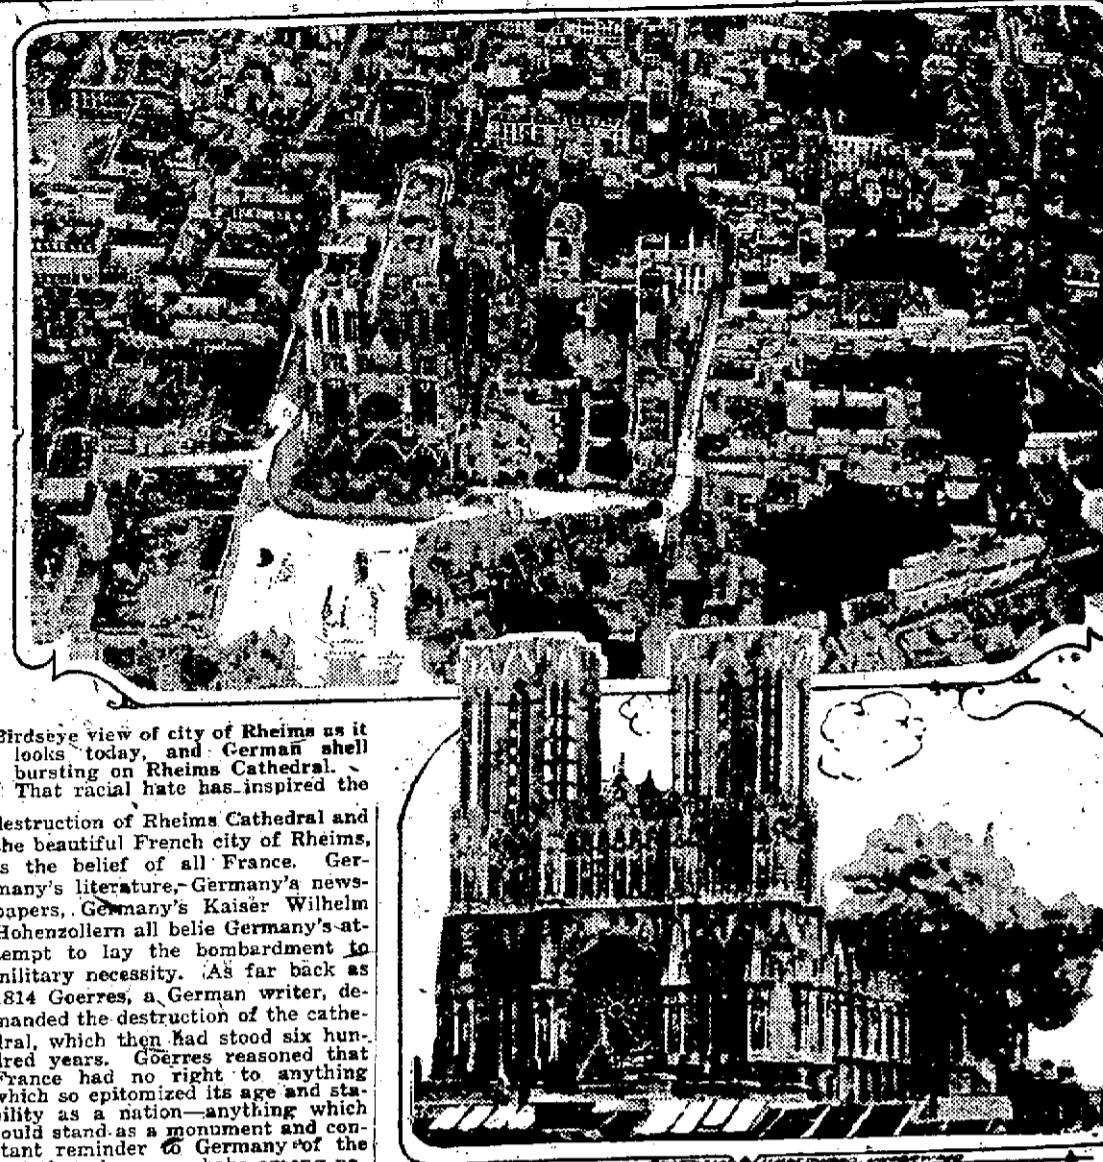

And leave us their bequest, the things Which longer live than crowns of kings.

On Picardy and Flanders' field Your living tributes stand revealed.

Each splendid boy who ventures there Is tribute to his mother fair.

Better than bubbles gold can buy

## RACIAL HATE INSPIRES DESTRUCTION OF RHEIMS

Birdseye view of city of Rheims as it looks today, and German shell bursting on Rheims Cathedral. That racial hate has inspired the

destruction of Rheims Cathedral and the beautiful French city of Rheims, is the belief of all France. Germany's literature—Germany's newspapers, Germany's Kaiser Wilhelm Hohenzollern all belie Germany's attempt to lay the bombardment to military necessity. As far back as 1814 Goethe, a German writer, demanded the destruction of the cathedral, which then had stood six hundred years. Goethe reasoned that France had no right to anything which so epitomized its age and stability as a nation—anything which could stand as a monument and constant reminder to Germany of the fact that she was a babe among nations. Since the German armies began the work of systematic destruction of the cathedral almost four

years ago, the sentiment has gained a beautiful and historic structure to reduced to a shapeless mass of ruins.

## WAR CONVENTION WILL BE HELD IN CLEVELAND

BY ASSOCIATED PRESS.

Cleveland, May 13.—Cleveland will be certain a real war convention will be held tomorrow when four allied manufacturing associations meet in a five day joint session to consider the problem of supplying machinery, tools and supplies for winning the war. "Carry on" will be the slogan of the pipe, updy and machinery manufacturers and dealers.

Tonight, Wednesday the National Pipe and Supplies Association will convene and on Wednesday, Thursday and Friday there will be held a joint triple convention of the National Supply and Machinery Dealers' Association, the Southern Supply and Machinery Dealers' Association and the American Supply and Machinery Manufacturers' Association. Approximately 3,000 delegates are expected to attend the conventions.

James E. Watson, United States senator from Indiana, is scheduled as the principal speaker at the opening meeting. On Thursday afternoon S. O. Dunn, editor of the "Railway Age," Atlanta, Ga., May 13, 1918.—Doubtless the Cleveland war convention will be held tomorrow when four allied manufacturing associations meet in a five day joint session to consider the problem of supplying machinery, tools and supplies for winning the war. "Carry on" will be the slogan of the pipe, updy and machinery manufacturers and dealers.

## SAVE THE WHEAT WAS MISS MARLATT'S PLEA

MESSAGE BROUGHT FROM FOOD ADMINISTRATION TO JANESEVILLE WOMEN'S FEDERATION WAS CLEAR AND VITAL.

## GREAT WORK OF HOOVER

Glimpses of Personal Life of Food Administration Added Interest to Talk of His Aide.—140 Ladies Attended Banquet.

Newly Elected Officers of Women's Federation.  
President—Mrs. S. M. Smith.  
First Vice President—Miss Gertrude Cobl.  
Second Vice President—Mrs. C. Atwood.  
Corresponding Secretary—Mrs. W. H. Jude.  
Treasurer—Mrs. H. D. Murdoch.  
Auditor—Mrs. Fred Capelle.

Cheerful ringing and vital was the message brought from the national food administration by Miss Marlatt to the club women of Janesville at the annual meeting of the city federation held in the Congregational church at Saturday afternoon. With glimpses into the personal life of Hoover, with anecdotes from the problems confronting the members of the board, when first formulating its policies, her story was as fascinating as a novel, and in other aspects, utterly sad.

With marked simplicity she brought before her hearers the vision of a food administration embodied in Mr. Hoover, the greatest mining engineer in the world. He graduated at Leland Stanford, as did also his wife, who has a diploma as mining engineer. Through his faith in the womanhood of the nation, and his ability to handle men he has built up in Washington, 1,800 men, who are working in the problem of food.

Only the clerks and stenographers are paid, but Mrs. Hoover not only has her own house filled with guests, but also has rented an apartment across the street, which is also filled. She is in fact running a non-profit boarding house, and from the first it has been entirely wheatless. Hoover,

modest and retiring, working all day, with conferences at meet time, and the evening, was shown to his personal friends in contact with him called him "Chief." The work of securing a proper food card, of training speakers, and of securing the co-operation of seventy-five magazines, for women in putting the ideas of the committee into print, was outlined.

The co-operation of the big business concerns was mentioned; and the splendid way in which the bakers of the nation by appointing a supervising baker, with authority over all plants of that nature, were able to help the administration, was described.

Hoover's faith in human nature is justified, he said, by the readiness with which his plan of a volunteer pooling of resources, so that the allies can be fed from a common table, was agreed to by all patriotic citizens.

"Save the Wheat" was the great message brought to the women of Janesville by Miss Marlatt, at this time, and very little attention they heeded the news that on the first of May there was only three days' supply of food ahead in France, and only five days' ration of flour for our soldiers "over there." A frantic call for help sent out by the food administration, resulted in a response from the Grinnes company, Texas. "We have wheat and flour; where shall we send it?"

A ship at New Orleans was requisitioned and ears secured to transport the product to the coast, and thus was the crisis relieved for a time.

Five hundred thousand bushels of wheat had been secured in America in the last fortnight which had been hoarded for a long time. The great shortage of wheat at the present time, said Miss Marlatt, was directly due to the bill introduced into congress recently, fixing the minimum price of wheat at \$2.50 a bushel and the maximum price indefinite. Then instantly the flow of wheat to the mills stopped and the food administration could do little to head off the pressure the president came promptly to the relief with a verdict of \$2.50 as a maximum price for wheat, and the house backed him up, yet the normal supply of wheat has not been resumed. "Save Wheat" then is the slogan until the next harvest.

The women of the nation, the children in the schools and through them the homes of the land are asked to go without wheat for the next few months. Miss Marlatt outlined the wealth of good things which the people of this country can eat instead of food. Potatoes, vegetables, corn products, batter, oats, eggs, butter and milk were ours in abundance, and a wheat harvest of tremendous proportions promised for fall.

Camouflage in cooking, the necessity of keeping the best rations for our soldiers, that they might keep the shortage of rations which kept the wheat crops from Argentina and Australia from being utilized, Cuba's crop, the splendid response of England, who agreed to receive the food supplies, and distribute them to the allies, as having the nearest ports to the United States, were some of the subjects touched upon by Miss Marlatt.

She emphasized the fact that for the present this country must be the storehouse of supplies, not only for

the armies of the allies, but also for the starving people of Belgium and Poland. It was remarked incidentally in passing, that Germany was getting but little wheat from the Ukraine, as the peasants of the country did not relish the ignominy of being forced upon them, and could furnish to their constituents no wheat. The "Why's" of some of these big problems, with which the food administration has to contend, seemed very near and vital when explained by Miss Marlatt, and the sacrifice asked of the people of this country very small at this time.

As a direct result of this talk on food conservation a strong committee was named by the president to take up this subject as a part of the federation work. Mrs. Arthur Harris was appointed chairman of the committee and Mrs. David Holmes, Mrs. Louis Avery, Mrs. N. J. Cade and Mrs. Arthur Gruber, the other members. Mrs. Harris said a few words along the line of the work and said that their plans would be announced later.

Miss Marlatt is a member of the national board of food conservation and also of the state board of directors. For this reason she has intimate touch with many of these men under consideration. Beside Miss Marlatt, a distinguished club woman, Mrs. Ford, editor of the children's page of the Chicago Daily News, gave an interesting talk along the line of war work. She formerly lived in Janesville and was Miss Frank Suggins. Miss Suggins introduced as the mother of 30,000 children, and she said in part, "that the world was full of a number of things, but that the main business of the women of the country just now, was the same as the men, to help win this war. Her short talk was bright and interesting and much enjoyed by the club women.

In a minute talk by Col. Simmons on the betterment of the city, possibly by organization, was listened to with attention and afterward the vote was taken that the federation co-operate in the movement wherever possible.

After our own general method of work, Col. Simmons said, "There is perhaps no group in the city more interested in community problems than the women. You are interested in the schools and the environment of the city because this is your home, and because you naturally want your city to be the best of its kind in the country."

"So it is that we have found women, particularly appreciative of the type of work which is now being performed, especially when it is understood that the Chamber of Commerce is to represent every group in the city, whether laboring men, professional men, business men, or women."

Miss Hart, of Marquette, Michigan, the women of the city took so much interest in the establishment of a Chamber of Commerce that a woman was elected vice president. She is a practical business woman in the insurance business and Princeton, a city of less than ten thousand inhabitants, has an active organization of more than nine hundred members.

"There is a woman on the board of directors of Riverside, California Chamber of Commerce, and in Bethlehem, Pa., a woman whose husband is the superintendent of the big Bethlehem Steel Mills, a valuable team which often unloads one hundred and seventy-six members and led the score of the other twenty-two competing teams in the campaign. So you see that women are paying particular attention to community problems throughout the country."

Col. Simmons complimented the women of the federation on the work which they have done in maintaining Janesville Center rest room and extended an invitation to the federation as a body to take out a membership in the Chamber of Commerce when organized. "Write me," he said, "when blanks were passed among the ladies with the request that the express their desire to what should be done in Janesville by the new Chamber of Commerce. It is from such suggestions that the program of work for the new organization is being built."

The program of the afternoon was opened by the president, Mrs. S. M. Smith, who gave a few remarks on "Patriotism and the Soldier." She emphasized the fact that there was plenty of work for the women of Janesville to do at this time, and that they must be willing to do whatever was asked of them, in this way backing up the work of our boys in the trenches.

A report of the work of the city federation during the last year was given by the secretary, Mrs. C. S. Atwood, who gave a general resume of things accomplished and meetings held. In speaking of the maintenance of Janesville Center, which has been one of the principal things done by this body, she noted the fact that from one hundred to two hundred women come into the room every day and twenty to thirty girls eat their luncheon there regularly at the noon hour. The sum of \$1,000 made by a rummage sale last fall has helped to maintain the room.

A report by the treasurer, Mrs. H. Murdoch, gave the financial business of maintaining the rest room has been about \$115 a month, for which about \$240 has come back by the sale of tea, coffee and soup at the noon hour. The sum of \$1,000 made by a rummage sale last fall has helped to maintain the room.

Report of the civic committee, by the chairman, Mrs. Munger, included the work of the dental clinic, the campaign, when \$2,000 flocks were slaughtered, and the selling of 5,500 packages of seeds to the school children. Also the committee assisted physicians in an inspection of school children in the fall when children were weighed, measured and the eyes and nose examined, for defects. Also this committee had raised a small sum for the improvement of the river bank near Milwaukee street bridge.

The Liberty loan committee is claimed as part of the federation work and its chairman, Mrs. Robert Ford, gave a report of the last twelve took part. The first ward had 155 subscriptions and \$20,500 of bonds; second ward, 142 subscriptions and \$17,100 of bonds; third ward, 324 subscriptions and \$8,000 of bonds; fourth ward, 174 subscriptions and \$30,100 of bonds; fifth ward, 122 subscriptions and \$26,500 of bonds.

An amendment to the constitution was voted upon, which created the office of corresponding secretary.

A delicious luncheon was served in the parlors of the church at one o'clock to about 140 ladies. The speakers, presidents and heads of groups sat at one long table with the speakers and guests while the federated members and groups of workers were seated at smaller tables. Baskets of tulips and apple blossoms formed the decorations, and Mrs. Fred Capelle was head of the committee which planned the very successful affair.

ELKS HOLD STREET FAIR TO CREATE WAR FUND

(BY INTERNATIONAL NEWS.)

Nebraska City, Neb., May 13.—In order to raise a fund to take care of the Elks who are in the national service, Nebraska City Elks today opened a street fair and carnival, which will last this week. A large number of visiting Elks from Nebraska, Missouri and Iowa are here for the week.

WAR CONFERENCE TO BE HELD AT SACRAMENTO

Sacramento, Cal., May 13.—Intended to awaken enthusiasm for more

vigorous prosecution of the war on the part of the people of northern California, an important war conference conducted by the United States employment service and the Illinois employment bureau. Except certain skilled tradesmen, these bureaus find no marked shortage of labor, the chief problem at present being distribution.

(BY ASSOCIATED PRESS.)

Chicago, May 13.—The nation's industrial manpower has not suffered depletion as a result of the United States' first year in the world war, so far as indicated in recent surveys of the general labor situation conducted by the United States employment service and the Illinois employment bureau. Except certain skilled tradesmen, these bureaus find no marked shortage of labor, the chief problem at present being distribution.

The labor turnover so far this year has been greater than in previous years. This is attributed to some extent to unusual opportunities for individual betterment offered by plants working on war contracts.

On an average 1,000,000 persons are obtaining employment through the Chicago district office of the federal bureau as compared with a total of 495,000 during the last fiscal year. This huge increase is accounted for by the recent organization of the Bureau for service as the national manager for the mobilization and distribution of the country's labor. As such it has handled the applications of hundreds of thousands of workers registering with the public service reserve, including more than 260,000 mechanics for shipbuilding.

A system of daily surveys shows the bureaus where the greatest shortages in supplies exist and with this information it is able to make economic distribution. Manufacturers are being urged to use the government agency as far as possible in order to reduce the labor turnover and uneconomic competition between industries essential to the war.

At the state employment bureau 6,000 persons went to work in March and the too the demand is about equal to the supply, except in a few trades. Positions were found for nearly all the applicants.

The demand for women workers is said to be about normal. Only in a few isolated cases have they applied men called for the colors. A few plants engaged in war contracts have employed large numbers of women without difficulty.

Many women school teachers are said to be leaving the schools for more remunerative employment, and the draft has drawn so heavily upon the already scarce supply that the teachers are alarmed for next year. A survey of thirty-seven states just completed by the professional service division of the federal bureau shows that during the present school year West Virginia was forced to close between 150 and 200 schools because of the scarcity of teachers. In Montana and Wyoming about two dozen schools were closed for the same reason, while New Hampshire, North Carolina, Delaware, Mississippi, Alabama, New Mexico, South Dakota, Wisconsin and Indiana report a marked shortage. The bureau has 100 teach-

## MANPOWER OF NATION SUFFERED LITTLE IN FIRST YEAR OF WAR

(BY ASSOCIATED PRESS.)

Chicago, May 13.—The nation's industrial manpower has not suffered depletion as a result of the United States' first year in the world war, so far as indicated in recent surveys of the general labor situation conducted by the United States employment service and the Illinois employment bureau. Except certain skilled tradesmen, these bureaus find no marked shortage of labor, the chief problem at present being distribution.

In Montana and Wyoming about two dozen schools were closed for the same reason, while New Hampshire, North Carolina, Delaware, Mississippi, Alabama, New Mexico, South Dakota, Wisconsin and Indiana report a marked shortage. The bureau has 100 teach-

ers' applications and 600 vacancies listed, but a large percentage of those in the various positions, it is pointed out, are not qualified for work in the departments where the greatest deficiency exists.

## ORIGINAL COMPANY PLAYS AT THE MYERS

Chicago Cast Seen in "Turn to the Right" at Opera House Last Night.

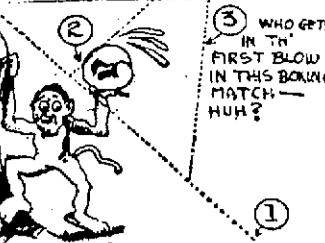

Mother Love was the keynote of "Turn to the Right" in the comedy of mirth and morals which Winchell Smith and John L. Golden sent to Janesville yesterday. The story deals with the power of a mother's influence to restore to the innocence of a son who has given himself up to the lure of the racing track. Of course the boy has a sweetheart, as sweet and gentle in her way as the mother, and there is a couple of crooks, crafty and amiable, and after watching them "put it over" on the town skinflint, the audience is glad to see them succeed, and the influence of their surroundings and establish themselves as reputable business men—purveyors of peach jam.

The company seen here came from Chicago and the play was presented exactly as it swayed Cohan's Grand audiences for nine months. The cast was headed by Ralph Morgan, Harry McCormick, William Moran, Anna H. H. Price, Philip Bishop, Charles W. Goodrich, Samuel Lowenwirth, Mable Bert, Ethel Reney, Helen Collier, Dorothy Beets and Maude Fox.

Saloon Men Organize.

Manitowoc, Wis., May 13.—Saloon men of the city are organizing to move to closer galleries at 6 o'clock on Sunday to meet a reported move to a five-mile dry zone here. The Manitowoc Shipbuilding company and the Aluminum Goods Manufacturing company are engaged in war work for the government and it has been rumored that a five-mile dry zone would be established about the two plants because of complaints that men were negligent in reporting for work Mondays.

## Heart and Home Problems

BY ELIZABETH THOMPSON

LETTERS MAY BE ADDRESSED TO MRS. THOMPSON, IN CARE OF THE GAZETTE

Dear Mrs. Thompson: I am twenty-eight years old. My husband has been dead four months and I have been invited by a gentleman friend to go to dinner with him and to the theater. I would like very much to go, but I do not know whether it would be proper. My mother and father live in another state and I am very lonely. I work in the daytime and at night. I do not have anything to do. I am not known here because we have only lived here a few weeks when my husband got pneumonia and died. What do you think I should do? I have no children. MRS. KATE H. GO to dinner with the man since you want to. It is old-fashioned to stay in mourning a long time. People are beginning to think that a bereaved person shows more courage and character if she tries to be cheerful and happy. To cling to the past is a mistake. It would not help your former husband, but it would help you now and were very lonely. I am sure he would rather have you happy and enjoying yourself. My attitude is not conventional because conventions require a widow to stay in mourning six months or a year. Of course you should not overdo the thing and go out too much, or people would talk about you.

Dear Mrs. Thompson: I am eighteen and I meet fellows and get introduced to them and they like me very much. But soon it is over and they dislike me. Every boy friend I have is like that. How can I keep

## FIFTY-SEVEN VARIETIES OF SALTS.

"Take a dose of salts," the doctor orders. "Which kind, the coarse or the fine salts?" asks the patient inquires. "Does the doctor either specifies or doesn't." When I was young I actually believed there was a particular purpose for each of the fifty-seven varieties of salts. The scientific truth, as nearly as I can make it out, is that all saline cathartics are identical in action, whether you buy them as you buy flour or in the form of mineral water.

Some kinds of salts are more drastic than others, so that a smaller dose suffices. Outside of this quantitative difference, all salts act alike.

There's the famous Carlsbad salt—derived from the Carlsbad springs or mixed up entirely in about the same proportions as the natural "Carlsbad." Because they came with the "Made in Germany" label I used to imagine they were in some mysterious way more valuable than plain Epsom or Rochelle salts. I now know that we doctors in this country allowed the Germans to put a whole lot of other expensive products upon the market, products that somehow gained a big demand yet had no special merit aside from the fact that they originated in Germany. And what is the Carlsbad formula? A mere mixture of sulphate of soda (*Glauber's salt*), sulphate of potash (*potash*, common table salt and common selenite) (bleach-bottle of soda). Its exclusiveness depends entirely upon its cost when purchased under the German name.

Another saline cathartic that has enjoyed unmixed popularity is phosphate of soda. A mild cathartic, but with no known action in this country that of plain Epsom or Rochelle salts.

Salts are very essential in the treatment of certain diseases, and very injurious if indiscriminately taken for any considerable period of time simpliciter.

## Observations of a War Horse

by ESTELLE LAWTON LINDSEY

My Dear Niece: Perhaps this little story may be of service to you. I think it rather illustrates the beauty of spiritual dignity.

There are days in my busy life when I become tired of civilization and I find myself in sympathy with the man who wrote the book called "Civilization, Its Cause and Cure."

Civilization seems to express itself, in our cities at least, in terms of noise and crowding and restlessness, and wear and all sycophancy.

I stand it all but the sycophancy; it seems an unforgivable degradation of the human spirit for a man to stand fawning before his fellow man.

By nature I am a luxuriant creature. I love rich fabrics and soft lights, and exquisite service. And I abhor beauty in all of its forms. Why can't we have these things without destroying the beauty of the human spirit?

I said something of that kind to Mrs. Bates one day, which was an abnormally stupid thing to do; and here is her reply:

"Huh, what is the use of having money if it don't buy refinement too?" Half the fun is going to a first-class hotel is in seeing the waiters all over themselves trying to get tips. I can get good food for half or even a third what I have to pay at the first-class hotels; but I can't buy such humbleness as I see in the waiters anywhere else in town.

It is all in the point of view. I do not enjoy the humiliation of my fellowmen. I enjoy having about me people who are comfortable within themselves. That is the reason that father's cafe was a business and that meant that the conduct added dignity to the family. Carmelita was proud to have a business and happy to be able to minister to those whose patronage was easy and cordial.

"Can you beat it?" asked the great man as he climbed into his limousine. "Can you imagine an American girl in such circumstances and still so refined and courteous? How do you account for it?"

"It is in her spirit," said a wise lady who happened to be of the "slumming" party. "It has never occurred to her that her father's business was degrading. It is something to be tended and beautified.

Did you notice the drawings on the burlap walls? An artist did them, perhaps. In return for food."

"Anyhow, I've seen worse in some of our best homes," said the man musingly. "It beats all how these foreigners manage. They don't seem to have any ambition."

"That's wrong," interrupted the wise lady. "Her ambition is to do the best they can where they are. Our idea is to abuse what we are doing, because we believe ourselves capable of doing something better. I think I rather admire Carmelita's view."

I listened and thought of a scene I had witnessed in the postoffice recently. I'll write you about that when I have more time.

Your loving auntie,

THE WAR-HORSE.

## EVERYDAY ETIQUETTE

It is unwise and very bad taste to give an entertainment beyond one's means. Give a party that is original and exercise great care in the matter of

WALTER M. After cutting a portion of meat, the knife is laid at one side of the plate, then with the fork in the right hand, the meat is carried to the mouth on the point of the fork, when through using the knife and fork should both be parallel on the plate, the tip of the fork down next to the fork, never transfer the fork from one hand to another. Pickles are usually served with an accompanying fork, but when this is the case, the fingers may be used to carry the meat to the plate and later to your mouth. Olives are eaten with the fingers, and the stones removed under cover of the hand. When accompanying a lady to dinner the location of the gentleman's party is usually planned by the hostess. Yes, it is proper for him to draw her chair before seating himself.

JOHN THE host or hostess should never allude to the quality of the dishes or contents, either in poor taste. The guests will discover their excellence without assistance.

## Household Hints

MENU HINT  
Breakfast  
Baked Apples.  
Baked Eggs or Gratin.  
Potato Cakes. Watercress.  
Coffee.  
Luncheon.  
Cottage Cheese Salad.  
Thin Rye Bread and Butter  
Waffles. Honey.  
Rice.  
Dinner.  
Cream of Spinach Soup.  
Fried Flounder. Tartare Sauce.  
Escaloped Potatoes.  
Stewed Tomatoes.  
Apple and Radish Salad.  
Sour Milk Cookies.  
(Rice and Wheat Flour)  
Coffee.

THE TABLE  
Breakfast Bacon—Five ounces bacon cut in strips, four large baking apples, one teaspoonful sugar, one-half cupful cormen pepper, one-half cupful cinnamon.

Fry bacon, remove to hot platter. Slice apples, dust in cornmeal and bacon fat. Arrange on platter in bacon fat. Arrange on platter surrounded with bacon, sprinkle with sugar and serve immediately.

Ham and Egg Escalope—One cupful cooked chopped ham and one-half cupful milk, two tablespoonsfuls of flour, three hard-boiled eggs, one cupful fine soft bread-crumbs, seasoning, one-quarter cupful grated cheese.

Melt the fat and add the flour gradually. Cook until it begins to bubble. Add the cold milk a little at a time, stirring constantly until thickened. Season to taste. Into a heated baking dish put one-half the bread-crumbs, then layers of ham, sliced egg, and white sauce until all are used. Top with the remaining bread-crumbs and sprinkle with cheese.

Bananas and Strawberry Dessert—Four ripe bananas, one-half cupful jam, one to three tablespoonsful milk, one egg white, one tablespoonful sugar.

Peel and mash the bananas, mix thoroughly with the jam and add the milk. Serve very cold in sherbet glasses topped with the egg white beaten stiff with the sugar.

Apple and Beef—Six medium sized apples, six sausages, one-quarter cupful water.

Wipe and core six medium sized apples. Insert one sausage in the cavity of each apple. Place in a pan with the water, and bake in a moderate oven until the apples are tender and the sausages are done. Just before serving, sprinkle with chopped parsley and paprika.

Scalloped Potatoes and Hominy—Six medium sized cooked potatoes, one cupful cooked hominy, seasoning, one cupful grated cheese, one cupful milk, one-quarter cupful dried bread-crumbs.

Put the potatoes through a potato ricer, melt butter. Butter a baking dish and arrange a layer of potato in the bottom; then a layer of hominy, grated cheese and seasoning. Repeat this until the mixture is used. Pour heated milk over all, sprinkle with the crumbs and bake in a moderate oven for twenty minutes or until the cheese is melted.

Diced Beef—One cupful rice, two cupfuls canned peas, one and one-half cupfuls milk, four tablespoons butter or margarine, one-half cupful dried beef, one-tablespoonfuls flour, one cupful finely diced cooked carrots, salt and pepper.

Boil rice in plenty of boiling salted water until tender. Drain and dry in warm oven. Heat peas and carrots in a moderate oven.

Melt the remaining butter, add the flour until bubbling, and the milk gradually, stirring constantly. Cook until thickened. Stir in the dried beef which has been pulled apart into small pieces. Season dried beef and gravy and vegetables with salt and pepper to taste. Arrange rice in the center of the platter, garnish with the peas and carrots, pour dried beef gravy over rice. Enough to serve six generously.

## The Daily Novelette

THEY WOULD AND THEY WOULD NOT.

(By author of: "Sweet Odor of Ozon"; "Hung to a Tree or The Hanging Out"; "The Quilting Bee and Knitting Tea"; "A Sonnet to Silly Sally"; "Cholly Dingermiss's Luck Deed or in the Still Night"; "Silver-Thread the Sordid Scotch"; "The Busy Spider"; "Odd on Lizzie's Lip"; "Under the Pink Poke Bonnet"; "Crosses the Seas and Cross the Ts"; and four others.)

Battisbome was on every side.

Men were being sent to the front from every direction.

Great shells were bursting here and there every few minutes and the scene was one of slaughter and desolation.

Standing behind a piece of forest was a gallant regiment composed of Irish soldiers. Pale of face, but with a sort of grim nervousness they held their places in the line while the Colonel told them of the dangers ahead.

I listened and thought of a scene I had witnessed in the postoffice recently. I'll write you about that when I have more time.

Your loving auntie,

THE WAR-HORSE.

## Saler of the Friendly Forest

BY DAVID COAT

Well the Luckymobile didn't sit down on a park bench to talk to me, but I sat down with a story and tell you how Uncle Lucky lost his goggles. And this is the way it happened. All of a sudden something in the steering gear gave way and the automobile turned into the woods and the first thing dear Uncle Lucky knew after he had hit the trees was that the goggles off his nose and nearly upset his old wedding stovepipe hat. And that stovepipe hat would have gone, too, if the old gentleman rabbit's polka dot silk handkerchief hadn't been tied over the top of it and under his chin to hold it on. Which is a lucky thing, let me tell you. And if Uncle Jimmy or Billy ever wears a silly hat out automobiling you tell him to do what Billy Bunny's uncle did.

"Good gracious! I've got to stop," cried the old gentleman rabbit. "I've lost my goggles. But when he tried to find them he couldn't find either

Billy Bunny nor a little Black Ant. And she was the same Black Ant who was sick some up-to-eleven stories ago and whom kind Uncle Lucky sent the doctor for, Duck Doctor and of course she felt almost sick now to think of Uncle Lucky had so much trouble in finding his goggles.

"I almost feel sometimes," said poor Uncle Lucky, sitting down on a log and wiping the perspiration off his forehead with another blue polka dot silk handkerchief which he al-a big red barn.

And what do you think, kind gen-

## FITTING TRIBUTE IS PAID MOTHERHOOD BY REV. CLARK CUMMINGS

Splendid Sermon Preached at Christian Church Yesterday Morning. "Mothers of Men" Theme.

A fitting tribute to motherhood was given on yesterday morning at the Christian Church in the Mother's Day exercises. The theme of the splendid sermon preached by Rev. Clark W. Cummings was "The Mothers of Men," and the scriptural inspiration was taken from the Magnificat—Mary's song of thanksgiving in the 1st chapter of Luke. The words of Mary, "My soul doth magnify the Lord," were described as being the song of every mother in the world. This position of honor was that equalled by no queen upon her throne. There was no need for a mother to long for greater influence, as no queen ruling over a Kingdom could be. The song of Mary was placed over her King. The thought was that a mother was a steward of life for a king, in the same way as the mother of Moses was placed in charge of the life of the boy. She had the care of him for only a few years, but her influence over his life was so strong that he later returned to be recognized as kin of royalty and cast in his lot with the despised people.

"Every mother," said the speaker, "has her child in the young days of his life, as in no other. He belongs to her and not to the world. And God means it to be so. We know that if the young life was not to be led in the ways of self-indulgence at this time, it would be in the world. The thought was that a mother was the child's religious teacher, and should deem it a great privilege to lead a little life to Christ."

It was affirmed that every child is naturally religious, that their faith is strong, and God seems very near to them.

The mission of the mother was described as being to train the sheep to lead them through green pastures and over the rocky roads of life."

"Some roads," he said, "must be hard, as to every life worth while comes the difficult ways."

But the mother's mission was to lead the sheep and counselor through pleasant and painless paths.

The thought was brought out that a mother's influence was never wasted.

And that most great men show in their lives the touch of a mother's hand.

Lincoln once said, "I owe every bit of success to my mother."

And the speaker said, "The mother who did not come to care for the sheep, to lead them through green pastures and over the rocky roads of life."

About Getting Home Early.

"Then if we go anywhere she always at me about getting there early, and then she's at me about getting home early on account of the kids."

"I'm afraid it's the same with me," he said. "She keeps at me about getting home early on account of the kids."

"She keeps at me, so."

The man was less articulate, at first. He admitted his irritability and deplored it. He knew she tried to please him, but—and here he grew red with the effort to express himself and finally sputtered out the above.

"She keeps at me, so."

The man was less articulate, at first. He admitted his irritability and deplored it. He knew she tried to please him, but—and here he grew red with the effort to express himself and finally sputtered out the above.

"She keeps at me, so."

A NOVEL

BY REX BEACH

Author of  
"The Iron Trail," "The Spoilers,"  
"Heart of the Sun," etc.

Copyright by Harper and Brothers

"Now that they had actually embarked upon this enterprise and the glet had given herself entirely into his hands, now that an imminent peril encompassed them both, Johnnie felt that Rose belonged to him more absolutely, more completely, than at any time heretofore, so he held her close. Rosa lay relaxed against her lover's shoulder and in halting murmurings, interrupted many times by caresses, she told O'Reilly of her need for him, and her utter happiness. It was the fullest hour of their lives.

With daylight, Morin roused out his men. There was a sleepy muttering, the patter of bare feet upon the deck above; then the creak of blocks as the sails were raised. A few moments, then there came a hull which brought their hearts into their throats. Morin himself answered the call.

"Good morning, countryman! Have you caught any of those accursed filibusters since I saw you last? So? Cayo Romana, eh? What have I aboard?" Morin laughed fondly. "You know very well—cannon and shot for the rebels, of course. Will you look? . . . No?

Then a cup of coffee perhaps?"

O'Reilly peeped through a dirt-stained cabin window and saw that the valanada was slipping past the stern of the ironclad, so he withdrew his head quickly.

Of course this was but one danger past and there were many more ahead, for Morin's schooner was liable to be stopped by any of the numerous patrol boats on duty to the eastward. Nevertheless, when an anxious hour had gone by and she was well out toward the harbor mouth, the refugees told one another they were safe.

## CHAPTER XXI.

## Three Travelers Come Home.

Esteban Varona made slow progress toward recovery. In the weeks following O'Reilly's departure from Cubitas his gain was steady, but beyond a certain point he seemed unable to go on. Then he began to lose strength. Esteban awoke to the fact that he was losing ground, and his dismay was keen, for a wonderful thing had come into his life and he spent much of his time in delusions contemplative day dreams concerning it, waiting for the hour when he would dare translate those dreams into realities. It seemed to him that he had always loved Norine; certainly she had enshrouded herself in his heart long before his mind had regained its clarity, for he had come out of his delirious wanderings with his love full grown.

The time came finally when he could no longer permit the girl to deceive herself or him with her brave assumption of cheerfulness. Norine had just told him that he was doing famously, but he smiled and shook his weary head.

"Let's be honest," he said. "You know and I know that I can't get well."

"You mustn't be discouraged," she told him earnestly. "Remember this, is a trying climate and we have nothing to do with. Even the food is wretched. I'm going to take you away."

Esteban stroked her hand softly. "You can't do that, Mrs. Evans. You have been wonderful to me and I can't begin to express my gratitude." Norine stirred, but he retained his grasp of her fingers, gaining courage from the contact it provided. "I have been trying for a long time to tell you some-

thing. Will you listen?"

"Not now," she exclaimed, with a visible lessening of color. "Don't bother to tell me now."

"I've waited too long; I must speak. You have stayed on here just to nurse me. Isn't that true?"

She nodded somewhat doubtfully.

"Now, then, you must stop thinking about me and—make your arrangements come home."

There was a moment of silence.

"Yes. You see, I know how tired you are of this misery, this poverty, this hopeless struggle. You're not a Cuban and our cause isn't yours. Expeditions come from the United States every now

and then."

Norine paused in astonishment.

"Why, Leslie! I was so frightened."

"But—you can't be bad!" hurt."

"Bad enough so that Lopez sent me in. A fellow gets flyblown if he stays in the field, so I beat it."

"Has your arm been dressed?"

"No. I wouldn't let these rough-and-tumble doctors touch it. They'd amputate at the shoulder for a hangnail. I don't trust 'em."

"Then I'll look at it."

"It doesn't hurt really," he declared.

"It's only a scratch."

"Then behave yourself," Norine forced the patient into a chair and withdrew his arm from the sling. Then, despite his weak resistance, she softly removed the bandage. From his expression she felt sure that she must be hurting him, but when the injury was exposed she looked up in wonderment.

"Leslie," she exclaimed. "What is the world?"

Branche struggled with himself, he swallowed hard, then said: "You can see now why I didn't go to a doctor; I did it—shot myself. You won't give me away?"

Norine seated herself weakly; she stared in bewilderment at the unhappy speaker. "Afraid? You, El Demonto! Why, you aren't afraid of anything?"

"Say! You don't believe all that stuff do you? I'm afraid of my shadow and always have been. I'm not brave and never was. They told me I was going to die and it scared me so that I tried to end things quickly. I couldn't bear to die slowly, to know that I was dying by inches. But, Lord! it scared me even worse to go into battle. I was blind with fright all the time and I never got over it. Why, the sight of a gun gives me a chill, and I jump every time one goes off. Lord! how I've suffered! I went crazy at our first engagement—crazy with fear. I didn't know where I was, or what happened, or anything. Afterward, when they hailed me as a hero, I thought they were kidding, that everybody must know how frightened I was. After a time I saw that I'd fooled them, and that shamed me. Then—I had to keep it up or become ridiculous. But it nearly killed me."

It so happened that the president and well-nigh the entire provisional cabinet were in Cubitas. Leslie and Norine went directly to the former. He promptly sent for the minister of Justice, who in turn gallantly put himself at Norine's disposal. In no time the news had spread and there was subdued excitement throughout the camp. Norine was between tears and laughter when she ran panting into Esteban's cabin, leaving Branche to wait outside.

At sight of her Esteban uttered a low cry of happiness. "Dearest! I've been lying in a stupor of delight. The world has become bright. I hear people laughing. What a change!"

"I've arranged everything! The president and his cabinet are coming to witness the ceremony."

(TO BE CONTINUED.)

Esteban turned his tired eyes away, fearing to betray in them his utter wretchedness. "You have done all there is to do. I want you to go back into your own world and forget!"

A sudden impulse seized the girl. She stopped and gathered the sick man into her young, strong arms. "Don't be silly," she cried. "My world is your world, Esteban dear. I'll never never leave you."

"Miss Evans! Norine!" Varona tried feebly to free himself. "You mustn't!"

Norine drew him closer. "You're going to tell me that you have nothing, can offer me nothing. You're going to do the generous, noble thing. Well! I hate generous people. I'm selfish, utterly selfish and spoiled, and I don't propose to be robbed of anything I want, least of all my happiness. You do love me, don't you?"

Esteban clasped his arms about her and held him fiercely to her breast.

"We're quite mad, quite insane," he told her after a while. "This only makes it harder to give you up."

"You're not going to give me up and you're not going to die. I shan't let you. Think what you have to live for."

"I—did wrong to surrender."

"It was I who surrendered. Come! Must I say it all? Aren't you going to ask me?"

"What?"

"Why, to marry you, of course. We're going to be married, and I'm going to take you out of this miserable place."

"What happiness!" he murmured. "If I were well—but I won't let you marry a dying man."

Norine rose, her face aglow with new strength, new determination. "I brought you back when you were all but gone. I saved you after the others had given you up, and now you are mine to do with as I please. You belong to me and I shan't consult you."

She turned, for a figure had darkened the door; it was one of her English-speaking convalescents who was acting as a sort of orderly.

"Senorita," the man said, with a flush of white teeth, "we have another such man, and you'd never guess who. It is that American, El Demonto."

"Is he sick or wounded?" Esteban inquired.

"Shot by a Spanish bullet. He asked at once for our senorita."

"Of course. I'll come in an instant."

When the messenger had gone Norine bent and pressed her lips to Esteban's.

"Remember, you're mine to do with as

I please," she said; then she fled down the grassy street.

Branche was waiting at Norine's quarters, a soiled figure of dejection. His left arm lay in a sling across his breast. He looked up at her approach, but she scarcely recognized him, so greatly changed was he.

"Hello, Norine!" he cried. "Well, they got me."

Norine paused in astonishment.

"Why, Leslie! I was so frightened."

"Bad enough so that Lopez sent me in. A fellow gets flyblown if he stays in the field, so I beat it."

"Has your arm been dressed?"

"No. I wouldn't let these rough-and-tumble doctors touch it. They'd amputate at the shoulder for a hangnail. I don't trust 'em."

"Then I'll look at it."

"It doesn't hurt really," he declared.

"It's only a scratch."

"Then behave yourself," Norine forced the patient into a chair and withdrew his arm from the sling. Then, despite his weak resistance, she softly removed the bandage. From his expression she felt sure that she must be hurting him, but when the injury was exposed she looked up in wonderment.

"Leslie," she exclaimed. "What is the world?"

MISS CLOTHING FOR SALE

**WHITTET IS FAVORED TO OPPOSE COOPER IN CONGRESSIONAL RACE**

Madison, Wis., May 13.—Speaker L. C. Whittet, Edgerton, is receiving letters urging him to become a candidate for the assembly this year. One Big Lot of Lingerie Waists, embroidery and lace trimmed, also a beautiful assortment of fancy stripe waists with white collar and cuffs, very special for this sale, only..... \$1.00

candidate for congress in the first congressional district against Congressman H. A. Cooper of Racine. Some of these letters come from some of the most influential political leaders of the state. The announcement of Speaker Whittet that he will not be a candidate for the assembly this year has brought about a movement in

Rock County to urge his candidacy. This district will hold a conference on May 16th at Elkhorn to bring out a candidate in opposition to Congressman Cooper. W. S. Goodland, Racine, is one of those who have been prominent in the opposition. Others who have been mentioned are: former Senator Henry

Lockney, Waukesha; Senator L. E. Birmingham, Beloit; Martin Gilpin, Racine; Mayor H. W. Adams, Beloit; Judge Andrew Agnew, Waukesha; and others. The conference will be held at Elkhorn and it is expected that about 200 delegates will be present. The campaign in the sixth congressional

district has already been started. Florian Lampert has the endorsement of those who are opposing the return of Congressman J. H. Davison of Oshkosh. With a slogan "With the war," and with a record of five sons in the service Lampert expects to make the campaign interesting. It is probable that former

Congressman M. K. Reilly, Fond du Lac, will be the candidate on the democratic ticket. The only other democrat mentioned thus far as a possible candidate is John J. Wood, a lawyer at Beloit.

So far no date for a conference has been fixed in the third congressional district. There are already condi-

dates in the field in opposition to Congressman Nelson. Former Assemblyman Arthur Shultz, Oregon, believes that an educational campaign is necessary and will start his speaking campaign in the different counties within a few days.
